Note: This seminar can be attended by all SRT practitioners (those who have successfully graduated from the Advanced SRT seminar and have had some practice since then). The seminar is based on the SRT curriculum and is highly advised for all those who want to develop superior SRT skills regardless of whether or not they want to be certified or not. **Those wishing certification will need to have a 15 minute private meeting with Erika after the seminar.**

Please pay special attention to: Since October 30, 2011, all those who want certification in Greece, are required to attend the SRT Skills seminar since it is now taught in our country. Please note that the Skills seminars are sponsored by SRA International and will be repeated again in Greek after 2014 and only if there is a big enough group.

The seminar is taught by:
Erika Laszlo
SRA Vice President
